

GS3-200 Filtration System

Construction:

Cabinet: Brushed stainless steel to IP56 compliance
Baffled – sound attenuated

Sound Level: 59 dbA

Dimensions: 35" x 23" x 20"

Weight: 134 lbs.

Blowers:

Performance: 210 CFM@ 39" wc

Centrifugal - direct-drive, brushless motor
20,000 + hr mtbf

Electrics/Controls:

90 - 250 1/50-60

Digital Graphic Display

- Electronic variable speed blower control
- Calibrated electronic VOC /gas sensor

Pre-wired 3 wire power cable, 7.5 ft w/
plug

Amp Draw: 15.0 / 8.0

Standard Equipment

Standard Filter Set

Digital Graphic Display/Controls

3", 4" or 6" inlet

8' - 2 ply smooth-core rubber hose

(4) Industrial grade wheels – 2 locking

Installation guide / Operations manual

Remote interface package - Optional

Standard Filter Set

Pre-Filter

(3) Gas / Odor Filters
